

RIF**Banshee**

Banshee 6000W MSRP starting at \$5,199**

The **Banshee by RIF** is built to erase limits. Designed for riders who refuse to let terrain dictate their ride, Banshee delivers explosive power, precision handling, and true off-road capability. Banshees are built to order to give you the freedom to choose the right set up for you. With a **freewheel hub design** and a total weight of just **64 lbs**, Banshee blends raw performance with efficiency, creating one of the most capable high-performance e-bikes on the market.

The Banshee has multiple spec options to choose from.
